

Sexually Transmitted Infections Foundation Course

- STIF CORE
- STIF PLUS

Courses from the British Association for Sexual Health and HIV (BASHH)

STIF CORE:

Saturday 13th March 2021

STIF PLUS:

Sunday 14th March 2021

at

Zoom (online- details to follow)

COURSE DIRECTOR: Dr Lambert & Dr Lowe

COURSE ORGANISER:

Gordana Avramovic
+353 1 716 4562
gavramovic@mater.ie

ORGANISATION:

Catherine McAuley Education & Research Centre, 21 Nelson Street, Dublin 7, Ireland.

(on behalf of BASHH)

The aim of the course is to equip participants with the basic knowledge, skills and attitudes for the effective management of sexually transmitted infections (STIs) outside the GUM setting. Early registration is preferable. It is recommended to attend both days although if you have attended a STIF course in the past 3 years, you can attend the STIF PLUS day to update your knowledge and skills.

It is highly recommended that delegates study the appropriate modules in e-Learning for Health before attending.

This will entail around 8-12 hours of study depending on your experience. Further information about the modules will be provided by the course organisers approximately four weeks before the course commences. The outline programme is overleaf. For further information please visit <http://www.stif.org.uk>

This is a multi-disciplinary course and applications are invited from:

Doctors and nurses working in general practice, family planning and reproductive health, GUM, health advisers, secondary care clinicians who may encounter patients with STIs (e.g. O&G, A&E, rheumatology, ophthalmology), pharmacists, and school nurses.

STIF CORE €100

STIF PLUS €100

BOTH DAYS €200

You can book and pay online at
<https://www.iddoctor.info/stif-2021>

Alternatively, please return the tear-off slip below, and send a cheque or bank draft made payable to "BEWELL Management Ltd", transfer details available on request.

ALL APPLICATIONS SHOULD BE RETURNED BY 5th March 2021

Details of the e-learning modules and a Course Manual will be emailed to you nearer the time with your receipt.

ICGP CPD Recognition has been applied for
This event is recognized for CPD

Sexually Transmitted Infections Foundation Course

Saturday 13th March & Sunday 14th March 2021

Aim of STIF FOUNDATION course

To equip participants with the basic knowledge, skills and attitudes for the effective management of STIs. By the end of the course you should be able to:

Knowledge

- describe the principles of STI service provision
- recognise the issues relating to confidentiality, partner notification and treatment
- demonstrate basic knowledge of the epidemiology and the factors involved in the transmission of STIs and how to prevent transmission
- demonstrate basic knowledge of STIs, their presentation, diagnosis and management
- indicate where and when to refer patients

Skills

- demonstrate competency, and feel comfortable, in taking a sexual history
- demonstrate the skills necessary to inform patients about reducing their risk of sexual infections and risk of unplanned pregnancy
- optimise care pathways for patients through improved links with local services (GUM, Sexual Health, Contraceptive services, Psychosexual services, Microbiology, TOP services and Primary Care)

Attitudes

- demonstrate an appreciation of the lifestyle and circumstances of others and how this may reflect in their presentation and impact on their management.
- recognise the range of human sexuality, lifestyles and culture and the impact this has on transmission/ prevention counselling

- demonstrate an understanding of how one's personal beliefs could affect the consultation

STIFCOMPETENCY PROGRAMME

Having attended the STIF Foundation course, you may be interested in registering for STIF Competency workplace training and assessment which provides a *nationally* recognised training and assessment qualification in sexual health. It is a modular competency-based work place based training and assessment package for non-specialist and specialist healthcare professionals requiring skills development to manage people with sexually transmitted infections. Trainees successfully completing the competencies are registered on the national STIF*Competency* database of accredited healthcare professionals. www.stif.org.uk
